## *Climatic Conditions*

The 2012 vintage was influenced by a rather difficult climate, requiring a constant vigilance in the vineyard.

A very cold and rainy Spring followed by a rather dry summer, slowing down the growing cycle of the vine.

We harvested in September beautiful berries with very low yields.

## *Ripening phases*

Budbreak: beginning of April

Flowering: around 5th June

Véraison: around 15th August

## *Harvest*

from 4th to 13th September

## *Yields*

44,25 hl / ha

## *Winemaking*

The grapes are quickly and lightly pressed after a period of prefermentation maceration. Vinification is carried out in oak vats. These are temperature controlled and equipped with paddles, enabling maturing on fine lees and regular stirring.

## *Production*

37 000 bottles

## *The blend*

100% Sauvignon Blanc

## *Tasting notes*

Lovely greenish colour with a grey silver tint. The intensity on the nose is surprising, displaying strong notes of "blackcurrant bud". The palate reveals a soft grapefruit, delicately intertwined with flint notes. The acidulous finish is exquisite.

## *Press Comments*

James Suckling: 91/100

"A white with sliced apple, pineapple and green mango character. Full-bodied, fruity and rich. Extremely well-done dry white from here. Drink now."
